

## CRC February 2009 – Meeting Minutes/Summary

Treasurer's Report: approx \$3K in treasury

### **Old Business**

- \* Rotators - Doug KE7GYQ to get Ham IV refurbed & add Idiom Press Controller
- \* Shack Internet Network Discussion, no decisions (as usual-editor's comment)
- \* Repeater
  - o Battery Box -- it's there, check it out
  - o 2m now on primary (tall) antenna, should have better range (it does-editor's comment)

### **New Business**

- \* Field Day -- Board suggests having separate meetings, too much to discuss at membership meeting
  - o Activity for next month membership meeting -- Doug KE7GYQ to arrange N1MM Logging Software Network/Computer demonstration. All who are bringing laptops for logging to Field Day, try to get the laptop and yourself to the March CRC meeting.
  - o N1MM Logging training another essential predecessor to Field Day
  - o Field Day Educational Activity can be N1MM Logging "refresher" prior to start of FD
- \* SB-220 Amplifier was tested, works per specs - Tnx to Doug Todd for making this happen.
- \* Upcoming Activities:
  - o CQ 160m SSB from the CRC Shack on the last weekend of Feb. contact Owen Watson for details.
  - o RST ARRL Int'l DX Contest from Owen AK7AR QTH
  - o Field Day, info to come from Gary KE7DX
  - o All details to be posted on the CRC listserv
- \* Shack Mod
  - o Standalone equipment shelves for each desk / operating position -- Don K6QZL by next month
  - o A/B Switch for each operating position -- Doug KE7GYQ by next month
- \* Discussed getting capacitor refurb package for Samlex power supplies, no decisions
